A TRIBUTE TO THE **AMG RACING HERITAGE**

From the earliest days, it has been motorsport that has driven us. Since AMG was founded in 1967, legendary on-track achievements have been an important part of our history. We have had many iconic moments from the first class win by the Mercedes-Benz 300 SEL 6.8 AMG in the 24 Hours of Spa in 1971 up to the historic 1-2 in this year's running of the race.

As our company has its 55 year anniversary, we celebrate this remarkable heritage with a unique racing car: the Mercedes-AMG GT3 EDITION 55. This exclusive model of our globally successful Customer Racing car is strictly limited: exactly five units of the EDITION 55 will be built at our manufactory in Affalterbach.

THE POWER OF **ATTRACTION**

The Mercedes-AMG GT3 EDITION 55 fully lives up to its special status: the mighty AMG 6.3 litre V8 engine of the racing car delivers an impressive output of 650 hp. Appropriately, the performance exhaust system comes without a silencer. This results in a breathtaking and powerful acoustic pattern.

The colour and the design are equally exclusive: the aero components in matte finish perfectly complement the bodywork in MANUFAKTUR alpine grey solid with red accents. The EDITION 55 adds another optical highlight with the AMG crest and the suggested AMG rhombuses on both sides of the car.

EXCEPTIONAL
TO THE CORE

The cockpit of the Mercedes-AMG GT3 EDITION 55 impresses with several exclusive details. The characteristic noble anthracite metallic harmonises with the high-quality carbon elements, from the door covers and the centre console to the instrument cluster.

The centre console and the carbon seat of the car each carry a plaque with “EDITION 55 – 1 OF 5” inscription. Moreover, the 55 year anniversary logo adorns the seat embroidery.

In the centre of the driver’s field of view is the next special element: a Data Display Unit (DDU) of the latest generation. The high-resolution graphic display welcomes the driver by showing the 55 year anniversary logo.

STRICTLY LIMITED
ABSOLUTELY UNIQUE

An additional highlight comes from Mercedes-AMG cooperation partner IWC Schaffhausen. Exclusively for the launch of the car, the Swiss luxury watchmaker has created a limited EDITION 55 box, containing, among others a Pilot's Watch Chronograph Edition "AMG", reference IW377903, with engraved chassis number of the corresponding Mercedes-AMG GT3 EDITION 55 as well as an additional black textile strap. This luxury timepiece will be handed over in an IWC Boutique close to the buyer's residence.

The chassis number of the respective car at the back of the watch is also something special: it comes from a separate range of numbers ("GT3.190-55"), ensuring the unique status of the special series as a result.

OUTSTANDING IN VARIOUS WAYS

The EDITION 55 is based on the current version of the Mercedes-AMG GT3 in sprint configuration with air conditioning plus exclusive special equipment features.
The special model, limited to five units, has a total output of 478 kW (650 hp). The car is not FIA homologated*.
